Visual and technical solutions for project execution from brief to final. A quick, detailed eye and expert knowledge in layout and design, typesetting, retouching and prepress production. Print media expertise includes magazine, newspaper, packaging, outdoor signage, direct mail, brochures and POP. Proficient in producing material for experiential marketing and brand activations such as vehicle wraps, tents and flags. Digital expertise includes static signage, website wireframe layout, banners, coupons and e-flyers. Well-seasoned in environments which require versatility and drive on time sensitive projects. I place importance on producing great work while respecting deadlines. I am very organized, love problem solving and learning new techniques. I have an enthusiastic down to earth nature, work well with a team but can also take the reigns when required.
